V.	Chair Announcements 1. Co-chair Bates indicated that Co-chair Nancy Borchard will be unable to attend the meeting today. 2. Co-chair Bates mentioned that she met with the Ventura County Social Services Foundation (VSSTF) yesterday during their event on Showers of Blessing. It is a non-profit interfaith project initiated by Santa Barbara which began in 2014. Annual cost to run a shower trailer is \$12,000 raised through different donations from church congregations. Showers of Blessing not only provide showers but also provides clothes, clothes washing and hygiene products with ultimate goal of helping the homeless in the community to find job. Plans of pursuing this program in Ventura County is taken into consideration. 3. Co-chair Bates shared the following articles: a. "OC jail is failing mentally ill" (The STAR, June 12). The article talks about Orange County jail system becoming the primary treatment facility for the mentally ill but is failing to properly house and treat inmates. According to the grand jurors, OC jail only has about 120 beds for an estimated 1,200 mentally ill inmates and few psychiatrists. Other counties have enacted the state's Laura's Law allowing compulsory outpatient treatment for mentally ill people. b. "Brown Oks \$2B for homeless housing" (The STAR, July 2). The article talks about the approval by California Gov. Jerry		

	<p>Brown of \$2B to build permanent housing for homeless people with mental illness. It is expected to fund at least 14,000 units</p> <p>c. <i>"Bill aims to restrict opiate doctor shopping"</i> (The STAR, July 2) – The article talks about the database known as CURES that would maintain records of narcotic prescription histories at a glance. The online database would help doctors identify at-risk patients and reduce the overall number of opioids in the market.</p>

VII.	<p>Public Comment</p> <p>None</p>		
VIII.	<p>Time Certain: Presentation, Heather Johnson, VCBH Jail Liaison</p> <ol style="list-style-type: none"> 1. Heather Johnson gave a brief overview of the Pre-Trial Detention Facility (PTDF) and Todd Road facility in Santa Paula. 2. Individuals classified as psychiatric are housed in specified section in both facilities to prevent potential victimization. Ms. Johnson discussed noteworthy distinction between the two facilities; PTDF houses about 80 male inmates while Todd Road housing about 15 female inmates. 3. VCBH Jail Liaison works closely with California Forensic Medical Group (CFMG) psychiatric staff to identify inmates needing outpatient mental health services. 4. In an effort of continuing current medication orders of inmates, VCBH staff sends the Inmate Medication Information form through fax. VCBH medication information can be accessed through the AVATAR system. Similarly, jail liaison utilizes the AVATAR in order to verify individuals coming into the facility whether or not they are enrolled in Behavioral Health. They are also able to review historical psychiatric records by running the AVATAR report. 5. Ms. Johnson reviewed VCBH psychiatric services provided in custody in both facilities, namely: (a) STAR assessments in custody, (b) Mental Health Court recommended for those facing jail sentence; and (c) Telecare-Vista Program. 6. VCBH Forensic Psychologist interviews and assesses clients in custody to determine placement, level of care and recommends psychiatric medication evaluation when needed. 7. Potential placements can either be inpatient treatment at Sylmar Health and Rehabilitation Center or outpatient treatment through the VCBH outpatient clinics and Telecare Vista Program. 8. Ms. Johnson presented a snapshot of program outcomes of Adult inmates referred to Telecare Vista from jail between 10/1/07 and 8/14/12. It was noted that there was significant reduction in the jail days after referral to Telecare compared to number of days in jail before referral date. The reduction associated with VISTA after two years in the program was statistically significant. The significant reduction of jail time over time across all places was fairly attributed to the contribution of Larry Berent shared that sometimes clients who agree to the 		

	<p>treatment option are not fully committed to its structure and decide to go back to jail and either finish their sentence or occasionally the case is dropped at that point; however, many do stay in the treatment program with good outcomes.</p> <p>9. Deputy staff that are dedicated and assigned in the facilities have undergone CIT training.</p> <p>10. Nicoleta Weeks mentioned that Ventura County California Forensic Medical Group (CFMG) is hosting a therapy training on MRT-Moral Reconation Therapy. It is SAMHSA's National Registry of Evidence-based Programs and Practices (NREPP) SAMHSA program that promotes cognitive-behavioral program for substance abuse treatment and offender populations. In this connection, The Committee requested CFMG to make a presentation next meeting.</p>	Request CFMG to present next meeting.	Nicoleta Weeks
