- II. **Quorum Roll Call and Introductions** – Ms. De Leon, the BHAB assistant, conducted the roll call; a physical quorum of the board members was present. All BHAB members introduced themselves.
- III. **Roll Call of Members with Just Cause** – NONE.
 - a. **State others present in the room over the age of 18.**
- IV. **Requests for Emergency Circumstances** – NONE.

- V. Approval of the Agenda** – The Behavioral Health Advisory Board General Committee agenda for September 18, was approved (Warren/Armann/Passed). First Vice Chair Warren commented that agenda item XIII should be corrected to Mental Health Rehabilitation Center. It was motioned to approve as amended by majority vote through roll call. Ms. Flores-Haro abstained.
- VI. Approval of the August 21, 2023, Minutes** – The Behavioral Health Advisory Board General Committee minutes for August 21, 2023, were approved (Rodriguez/Armann/Passed). It was motioned to approve as amended by majority vote through roll call. Ms. Flores-Haro, Second Vice Chair Stone, and Ms. Torres abstained.
- VII. Public Comments** – Cece Casey commented she feels concerned about the Mental Health Act reform being changed to the Behavioral Health Service act and feels there is more than just behavioral issues. Mary Haffner commented regarding the absence of Scott Gilman, she feels concerned regarding the departure of Scott Gilman.
- VIII. Chair Comments** – Chair Gardner shared EvalCorp has sent out a link to their survey, input can be shared until the end of November. There is one opening for a BHAB member in Supervisor Gorell’s office. The Suicide Prevention conference, “Pathways to Hope and Healing”, was a great success with keynote speaker, Gabe Teran. The “Facing Down Fentanyl” town hall is on September 27th at 6PM at the Ventura County Office of Education, 5189 Verdugo Way in Camarillo. Lastly, she announced Thousand Oaks took its step toward opening their first homeless shelter and won a competitive state grant of 5.8 million.
- IX. Time Certain Presentation** – Ms. De Leon shared a PowerPoint presentation from Substance Use Services Division Chief, Raena West, for a Substance Use update. The presentation will be attached to the minutes.
- X. Director’s Report** – Acting Director Dr. Denering presented her report. The Annual Suicide Prevention forum at Oxnard College was a success. The “Facing Down Fentanyl” town hall will be September 27th. She introduced the new Quality Chief for the department, Dr. Amir Mahdavi and Karen Lee as the Senior Manager for the Quality Department. In the Access and Outreach division, they have a streamlined approach, linking families to clinics and meeting the level of care they need. Logrando Bienestar has been working several back-to-school nights and providing workshops for emotional wellness. As part of Suicide Prevention month, VCBH has a suicide

awareness campaign at the government center. Ongoing, fall is audit season with the Department of Health Care Services and the Mental Health Services Act will be reviewed the week of September 25th. The Board of Supervisors approved the behavioral health bridge housing award, and it is 13.3 million dollars. The state released the opportunity for counties to be a part of the planning and development of Behavioral Health Integration ahead of the January 2027 launch. VCBH submitted their expression of interest and received approval; the work will begin September 18th and they will be meeting with the department of health care services. All counties will be mandated to do this by 2027. Lastly, the Community Planning Process for MHSA will begin on Tuesday, October 3rd from 5:30 to 7:30 PM in the training room and there will be an opportunity via Zoom as well. All information can be found in the director's report.

- XI. Board Member Comments & Announcements** – Ms. Armann commented on her concerns regarding the absence of Scott Gilman and expressed her appreciation for him. First Vice Chair Warren commented that staff be mindful when discussing travel distance to services as this can be a barrier. Mr. Tejada expressed his appreciation for Scott Gilman. Ms. Barragan expressed her appreciation for Scott Gilman as well. Mr. Rodriguez expressed appreciation for Scott Gilman and for Acting Director Dr. Denering and noted that many of the initiatives being carried out now are the result of planning over the last couple of years. Mr. Espinoza commented he would like to see more information related to veterans on the director's report.
- XII. BHAB Goals and Priorities** – Chair Gardner asks all committees to discuss goals and priorities for the future of BHAB and bring back their ideas to the full BHAB to vote on what they would like to focus on.
- XIII. Site Visit Proposals, In Patient Unit, Mental Health Rehabilitation Center (MHRC)** – First Vice Chair Warren informed the committee that staff provided her with a copy of the contract. She hopes to complete the site visit in October. Second Vice Chair Stone informed the committee she is still waiting for information from the department.
- XIV. Data Notebook Discussion** – Mr. Rodriguez provided an overview of the Data Notebook. The Data Notebook is completed by every county throughout the state. It is imperative to have a workgroup in order to prepare a formal response to the Data Notebook, the draft would be taken to the full committee, it would be voted on and then it would be sent out to the state, County Counsell, as well as the Board of Supervisors. The theme this year is stakeholder involvement and Chair Gardner would like to begin to form a workgroup.

- XV. BHAB Committee Reports** – Ms. Torres updated the committee regarding the Disparities Reduction committee meeting; she is in the process of rescheduling another meeting.
- A. Adult Services Committee** – Mr. Tejeda provided an update. They did not reach a quorum at the last meeting, and he will be reaching out to current members to check their availability for future meetings. There have been informal discussions without taking action.

XVI. Old Business

- A. Annual Report Update** – Mr. Rodriguez provided an update; he is still waiting for reports from the committees and has received two reports so far.

XVII. New Business

- A. Presentation Requests** – All presentation requests can be sent to the Chair, Janis Gardner at janis@panacea-ent.com and at bhabadmin@ventura.org with a description of the subject and who will be conducting the presentation. Ms. Keavney would like a presentation on a Mobile Crisis Team/CIT. Mr. Espinoza requested a veteran presentation for the month of November. Mr. Tejeda requested a presentation from VCTC and CalTrans. Mr. Clerici commented in favor of Ms. Keavney's requests and would also like more information on the definition of "gravely disabled".
- B. Recognition Award Recommendations** – All recognition recommendations can be sent to the Chair, Janis Gardner and BHAB management assistant with a description of the recommendation as well as the reason behind the recommendation at bhabadmin@ventura.org and janis@panacea-ent.com.

XVIII. Contracts – None for the month of August.

- XIX. Public Comments** – Sylvia Garcia commented on what it means to be "gravely disabled" and the role of the crisis team at VCBH as well as 5150. Second Vice Chair Stone commented she hopes the facilitation of the meetings will allow for more time for discussion and questions.

- XX. Adjournment** – The meeting was adjourned at 2:59PM by Chair Janis Gardner.

Next Meeting Date – October 16, 2023, from 1:00PM – 3:30PM.

Fall Prevention Services Initiatives

Local non-profits join fentanyl test strip rollout:

- VCBH hosted a meeting for agencies interested in test strips to reduce the risk of accidental fentanyl exposure, as a hybrid in-person and virtual event.
- Messaging about available resources, local treatment options, and how to respond to an overdose were discussed, and 10 agencies are preparing to partner with VCBH to get test strips out to our communities.

Facing Down Fentanyl: A Ventura County Town Hall Discussion of Fentanyl and the Current Opioid Crisis:

- Wednesday September 27th 6:00 pm – 7:30 pm, featuring a panel of local leaders:
 - Medical Examiner Dr. Christopher Young
 - District Attorney Erik Nasarenko
 - Public Health Officer Dr. Robert Levin
 - Sheriff Jim Fryhoff
 - Substance Use Services Division Chief Raena West
- Light dinner provided; parents and community members welcome, 150+ expected.
- Register at [Eventbrite.com](https://www.eventbrite.com) – see “Facing Down Fentanyl”

DUI Request for Proposals

- VCBH issued an RFP for the DUI program on August 11th. The RFP closes September 22nd.
- Ventura is the last county in California to directly operate a DUI program.
- Rising labor costs in have made it cost-prohibitive to operate without increasing fees. As our current fee structure is already at a premium, raising rates would present an undue hardship for participants.
- We believe transitioning to a model used by other counties of contracting with a provider is the best option. Our goal is to offer the same level of service, lower the cost for participants and expand local operating hours beyond our current times.
- VCBH will continue to operate the DUI program until we have secured an acceptable contractor which may take up to nine months. We intend to integrated DUI staff into other BH units.

***New Quality Division Chief announcement**

****Due to Smart Care, there will be no Active Consumers Data Report****

Access and Outreach Division:

- We are excited to announce that we have seen a more streamlined approach in linking individuals/families to VCBH clinics when meeting our level of care. We have been working closely with the clinics to provide a timely and warm transfer to their treatment providers. We continue to recruit and fill our vacant positions. As schools are back in sessions, several schools have reached out and our Logrando Bienestar Team has attended their back-to-school nights. We also continue to provide workshops on emotional wellness – throughout the community.

Adult Services Division:

- The 8th Annual Suicide Prevention Forum---“Pathways to Hope and Healing” ---took place Tuesday, September 12, 2023, at Oxnard College. The keynote speaker, Gabe Teran (Youth Development & Advocacy Consultant) impactfully addressed the more than 200 attendees. Breakouts into smaller groups followed dinner.
- Additionally, with September being National Suicide Prevention Month VCBH has sponsored a campaign that has put information/resources in the public spaces, including the Government Center.

- The State will be onsite in Ventura County 9/26/23 through 9/28/23 to review the Mental Health Services Act programming and expenditures. This will involve a combination of informational sessions and field-visit of programs. Those interested in attending sessions should contact Hilary Carson.
- VCBH will be hosting two meetings on Tuesday 10/3/23 as part of the Mental Health Services Act Community Planning Process. The first meeting being conducted from 12-1PM will be entirely on Zoom. The second meeting from 6-7PM will be “hybrid” (i.e., in-person at Williams Training Room and on Zoom). Community members are invited to attend to review the current three-year plan, discuss some proposed modifications, and to make additional suggestions. See attached flier for registration details.
- The Board of Supervisor approved the award \$13.3 million for Behavioral Health Bridge Housing (BHBH). VCBH is proposing to provide rental assistance for eighty-five (85) units county-wide for a term of three years (i.e., 80 units at various Homekey sites and 5 scattered site units). Additionally, VCBH will fund the creation of thirty (30) new shelter beds and provide some non-congregated shelters as well (i.e., up to 3 weeks at motel). The BHBH funding will also provide incentive funding for new board and cares to serve the specialty mental health target population and four full-time housing case managers.
- Other Housing updates: the hiring of Community Service Coordinators and Peer Support Specialist to staff the Housing Team has begun; and VCBH’s first-ever Housing & Urban Development review was completed last week with the subsequent report of findings expected to take 60-90 days.

Youth and Family (Y&F) Services Division:

Division Highlights

- In partnership with the Access & Outreach Division, the Y&F Division has developed and implemented new protocols to successfully receive consumers for mental health assessment in a seamless and client-centered manner.
- The Y&F Division is pleased to announce the implementation of the Mobile Response Team (MRT). MRT is provided by Seneca Family of Agencies and will be an additional crisis response option for enrolled clients during business hours.

Initiatives and Progress

- On August 23, CA Laura Nagle and BH Manager Ana Magbitang met with West Ventura Medical Center supervisors re: starting a pilot program, where VCBH clinician will provide therapy services at their facility. At this point, the start date is to be determined as medical site management considers office space options.

- Y&F staff at North Oxnard and Santa Paula clinics have been trained to distribute the Naloxone Overdose Kits. The kits have been delivered and these teams are ready to distribute. Training is scheduled within the next month, for Simi Valley, CWS and South Oxnard teams; they will be able to provide education and provide kits to our youth and families, shortly after.

Collaborations

- In August, CA Kat Baca Leanos and BH Manager Ana Magbitang met representatives from Santa Paula and Fillmore School District Special Education programs, as well as SPUSD Director of Student Support Services. The goal has been to coordinate ERSES services for this upcoming school year, provide update about VCBH changes to intake and assessment process with intent to improve timeliness for services and ease of access. This resulted in additional meetings scheduled with other staff and departments within SPUSD and FUSD, to provide further education and discuss collaboration on mutual clients.
- CA Laura Nagle and BH Manager Ana Magbitang met with Katie McKarrell, Program Specialist with Ventura Unified School District, to coordinate ERSES services in that region. Goal is to also provide further education to staff at Ventura USD regarding SMHS, how students and families can access care and how to collaborate on mutual clients.
- On 8/29/23 CA Stephanie Cowie and BHC IV Vania Damerjian presented Adolescence in the Balance: Raising an Emotionally Health Child for Moorpark School District
- On 8/31/23 Y&F, Adult and SUS Division leadership and Carelon co-presented the Mental Health Continuum in-service to VCOE administrative staff from across the county.

Training & Conferences

Treatment Services:

- SUS operations staff continue to navigate the new EHR - SmartCare.
- Two psychology practicum students started a new rotation at A New Start for Moms to provide mental health services under the supervision of Dr. Linda Gertson.
- Information on our Prevention and Treatment programs was presented to the CalWORKs and CWS teams on September 5th by Brad Friday and Mayra Medina.
- A New Start for Moms is partnering with Public Health to provide additional support to their clients.
- Sublocade will be provided at the Oxnard SUTS clinic. Sublocade Room at the Oxnard clinic is tentatively ready to go in the next 4-6 weeks.

DUI Services:

- VCBH issued an RFP for the DUI program on August 11th. The RFP closes September 22nd.

Quality Division:

Quality Assurance:

- QA is providing support to Operations Teams to increase project organization and communication using the new project planning resources shared by Policy Office. QA SmartCare SuperUsers are actively testing new EHR screens to provide guidance to Operations Teams. QA has sent out a Reference Guide for VCBH staff and contracting CBOs related to payment reform implementation. The QA Team is supporting both MH and DMC-ODS providers with compliance efforts through the ongoing Monthly QA Office Hours (Zoom meeting). QA is maintaining a working CalAIM FAQ page for VCBH Clinics and CBOs that assists in answering regulation related questions. The Site Certification Team continues to collaborate with Fiscal Department to work toward Medicare provider status for VCBH. QA reviews SUS Treatment Authorization Requests for approval and is testing SmartCare screens to make the process as efficient as possible. QA supervises the Medical Records Unit related to subpoenas and records requests. Grievances and appeals from beneficiaries are being addressed, resolved, and tracked for quality improvement.
- **VCBH Policy Office:** Policy Office continues to lead the Fiscal policy development workgroup to support Fiscal and Billing teams in further development of policies to support Payment Reform roll out effective July 1st, 2023, and Fiscal operations thereafter, in compliance with regulatory and contractual obligations. The first Fiscal policy (Use of Funds) resulting from this effort was finalized, approved, published, and distributed for training. This policy also satisfied the BHQIP deliverable requirement for implementing Intergovernmental Transfers and was submitted to DHCS accordingly, by August 15th. As part of ongoing improvement efforts, Policy Office implemented pre and post training assessments for policy trainings to evaluate comprehension and identify improvements. The first policy training to use this approach was the Use of Funds policy. Preliminary results indicate an increase in average quiz response accuracy from about 75% (pre-training) to 95% (post-training). Additionally, Policy Office engaged some contracted providers and internal staff to pilot the proposed Policy Portal as replacement for Policy Stat.

The pilot was successful – Policy Office received positive feedback. The next steps in rolling out the Policy Portal to replace Policy Stat are in flight. Finally, Policy Office continues to work with the Office of Health Equity and Cultural Diversity to improve cultural competence at VCBH. An operational guideline for use of language and public-facing documents to create more accessible and equitable policies and materials in support of Behavioral Health integration has been developed and is undergoing quality review before implementation.

- **Utilization Review:** The UR team continues to evaluate and manage the medical necessity, appropriateness, and efficiency of the behavioral health services provided to our clients. In addition, UR continuously collaborates with various stakeholders, VCBH and CBO providers, including acute inpatient psychiatric hospitals, to make informed decisions about patient care, resource allocation, and documentation compliance that adheres to relevant clinical guidelines, policies, and regulations. UR continuously evaluates the SmartCare system and CalMHSA UR Tools and recommends necessary changes. Lastly, UR will continuously evaluate SmartCare performance and user feedback and provide essential support to ensure documentation accuracy and compliance with Payment Reform and CalAIM requirements.
- **Training:** VCBH Internship Program has placed 32 students (undergraduate, graduate and doctoral) to support services county wide and promote recruitment efforts. Recently, 3 of the 11 2022-2023 students have been hired.

The 2022-2023 Training Plan is being reviewed to ensure completion and inform future Training Planning. FY2023-2024 trainings are being scheduled, such that foundational clinical training is available early Fall for all students and newly hired clinicians.

SCRIP grant funds are being used to offer a Clinical Supervision conference in October 2023 to acknowledge the skills and dedication of our Clinical Supervisors. VCBH will be honoring 12 VCBH Clinical Supervisors to attend who have supported the profession, the department and quality care through supporting multiple unlicensed staff.

Quality Improvement:

- **Audits & Reviews:** The QI team is leading all audits, reviews, and corrective action plans (CAPs) for the department. We are beginning to prepare for the DHCS MHP Triennial and DMC-ODS/SABG Annual Review, now referred to as the DHCS County-Specific Engagement. The date has been changed and will now begin October 16th (with a 7–10-day review period) instead of occurring in August; more information forthcoming. We are also supporting the MHSA Program Review (September 26-28); all pre-visit documents have been submitted to DHCS. The FY 23-24 MHP and DMC-ODS External Quality Review (EQRO) has been set for December 5-7.
- **Quality Improvement Committee:** Initial Quality Improvement Committee (QIC) meetings and subcommittee meetings have occurred under this new/revised structure for ongoing quality management monitoring and use of data-driven decision making across the department. This process involves different 7 focus areas and includes VCBH staff at all levels as well as contractor and community partners.
- **PIPS:** QI now has 5 performance improvement projects (PIPs) that address various areas for improvement. We have developed interventions for 3 new PIPs specific to CalAIM-related shifts in measuring specific items to follow-up after an emergency room visit and adherence to Medication Assisted Treatment (MAT). In addition, we are developing a new MH PIP to support

identification of individuals who should be enrolled in VCPOP and a SUS PIP on engagement in services continues.

- **Performance Metric Tracking:** QI is building out ongoing tracking and reporting of key performance metrics and is working with VC-Information Technology Services to design a public-facing data dashboard. The initial phase of development will be completed soon, with further metrics added in the future.

Electronic Health Record:

- **CalMHSA EHR SmartCare:** SmartCare has been live for two months. Front end users are becoming more familiar and comfortable with use of SmartCare and issues are being addressed through VCBH or CalMHSA support. VCBH's Service Now issues/tickets continue to hover around 120. IT is rolling out a self-service portal to enter issues. This will automate entering tickets and streamline issue resolution buckets while eliminating the AskSmartCare email and manual assigning of tickets. Billing is working on ensuring proper set up of billing codes access for programs and staff, based on role. Billing expects to submit its first claim from the system to the state early in September. Super User meetings to create a venue for addressing issues and gather feedback are well attended and have transitioned to once a week, now that urgency of most matters has slowed. VCBH has partnered with CalMHSA and Streamline (creators of SmartCare) to ensure all required State reports are fully functional in SmartCare.

California Advancing and Innovating Medi-Cal:

- VCBH's CalAIM unit (California Advancing and Innovating Medi-Cal) continues to coordinate CalAIM efforts across the department. The CalAIM team's support includes providing technical support in a variety of ways to both staff and contracted providers; and ongoing communication and collaboration with contracted county partners and the local managed care health plan continue to help facilitate a smooth implementation experience.
- VCBH submitted its *Expression of Interest (EOI)* to DHCS to participate in the early integrated contract implementation for the CalAIM Behavioral Health Administrative Integration. VCBH received approval and DHCS has invited VCBH to participate in the Integrated Contract Early Implementers workgroup beginning September 18th. VCBH has selected three (3) representatives to participate in the workgroup that will meet bimonthly at minimum through Fall 2024. As a participant in the workgroup, VCBH will be one of DHCS' partners in developing the integrated contract and fine-tuning the overall approach for this exciting CalAIM initiative.
- On September 26, 2023, VCBH is scheduled to present to the Board of Supervisors a recommendation to sign the Intergovernmental Transfer (IGT) agreements with the Department of Health Care Services. These agreements are related to the transfer of public funds for Specialty Mental Health and Drug Medi-Cal services delivered through VCBH's Specialty Mental Health and Drug Medi-Cal Organized Delivery Systems.

SITE VISITS - Suggested Procedures

I. PURPOSE With the goal of providing high quality, accessible mental/behavioral health services and programs, delivered efficiently and effectively, with client-centered outcomes, the purpose of MHB Site Visits is to fulfill the following CA WIC 5604.2 duties of the board:

1. Review and evaluate the community's mental health needs, services, facilities and special problems.
2. Review any County agreements entered into pursuant to Section 5650.
3. Advise the Board of Supervisors (or local governing body) and the local Mental/Behavioral Health (MH/BH) Director as to any aspect of the local mental health program.

II. ROLE OF MENTAL HEALTH BOARD (MHB)

1. Learn about program, service and/or facility;
2. Educate the Mental/Behavioral Health Board/Commission (MHB) member(s) about the program/facility;
3. Educate the program and clients/consumers about the role of the MHB;
4. Solicit information on consumer satisfaction and concerns;
5. Make recommendations to the MH/BH Director and/or public officials based on site visit findings.

III. ROLE OF COUNTY MENTAL HEALTH/BEHAVIORAL HEALTH SERVICES STAFF

It is important to understand the MH/BH services staff's role overseeing contractors. Program monitoring is measured by various means and processes:

1. Quantity: number of clients served, number of referrals, admissions, discharges, reduction of waiting lists, etc.
2. Quality: improve an illness, restore or improve social and vocational functioning, maximize client and family members sense of well-being and personal fulfillment, prevent injury to others and to the client, specific percentage improvement upon completion of specific task, upgrading efficiency, stimulating morale, utilization of staff, appropriate supervision, training, evidence based programs utilized, etc.
3. Time: timeliness of service, deadlines met, frequency, number of days to complete, etc.
4. Cost: use of budgetary resources, percent variance from allocation, cost per client, cost per service unit, etc.
5. Consumer/Client satisfaction written surveys examine the adequacy and appropriateness of the services being provided and the extent of the desired outcomes from the client's perspective.

IV. RECOMMENDED MHB SITE VISIT PROCEDURES

- A. **Make Contact** - MHB staff (or MHB member) makes contact with the provider, describing purpose of the site visit, and requesting date for site visit.

Continued on Next Page

SITE VISITS - Suggested Procedures *Continued*

- B. Review Contract** - MHB Staff will provide MHB members who plan to conduct the site visit (less than a quorum) with the current county contract (including budget) related to the site to be visited.
- C. Tour facility** - MHB Members (less than a quorum):
1. Observe interaction between staff and clients/consumers. (Is it respectful? Are clients/consumers comfortable interacting with staff?)
 2. Take note of condition of facility, including:
 1. Common Areas
 2. Dining Area
 3. Program Areas
 4. Client/Consumer Bedrooms (if invited/appropriate)
 5. Outdoor Areas
 3. Check to see if there are Posted Grievance Procedures and/or Access to Patients Rights Advocate Contact Information
 4. Meeting with site/facility staff (before or after tour): Discussion with program/facility director/staff. Discussion could be guided by questions in the [Site Visit Observation Form \(Sample\)](#)
- D. Report to MHB**
1. Provide completed “Site Visit Observation Form” to the Executive Committee
 2. Once reviewed by the Executive Committee and the MH/BH director or staff, and approved for presentation to the MHB by the Executive Committee, the report can be placed on the agenda for presentation at an upcoming MHB meeting.
 3. MHB staff (or Executive Committee) will send a courtesy copy of the report to the contractor, along with the date/time that the report will be heard by the MHB.
 4. The MHB shall request County staff to follow-up with the MHB whenever major deficiencies are identified.
