	DISCUSSION/CONCLUSIONS	RECOMMENDATIONS/ ACTIONS	RESPONSIBLE
I.	Call to Order Chair Margaret Cortese called the meeting to order at 10:33 a.m.		
II.	Approval of the Agenda Ms. Cortese asked the Committee to review and approve today's agenda. Anthony Marron moved to approve. The motion carried unanimously.	The agenda was approved as written. M/C	
III.	Approval of the Minutes Ms. Cortese asked the committee to review and approve the minutes of the March 28 meeting. Mr. Marron moved to approve. The motion carried unanimously.	The minutes were approved as written. M/C	
IV.	Welcome and Introductions Ms. Cortese welcomed everyone and asked for introductions.		
V.	Chair Announcements None.		
VI.	Public Comments Stuart Fiedler spoke about trauma reduction through accountability. He proposed that children should be taught that crime does not pay.		
VII.	Presentation: Screening Triage, Assessment & Referral (STAR) Program – Ana Magbitang, STAR Clinic Administrator The STAR Program receives on average between 20 and 50 referrals per day, 12% of them regarding TAY. Individuals who are assessed but not accepted for VCBH services are referred to more appropriate services, e.g. Beacon or Alcohol & Drug Programs (ADP). Referrals from hospitals are usually triaged within two hours and scheduled for assessment within one week of discharge. Referrals from the community are usually triaged within a day and are scheduled for assessment about 20 to 30 days later. The STAR assessors give a diagnosis, which can be refined at the outpatient clinics. Three STAR assessors are bilingual. See attached for details. It was noted that the June meeting will include a presentation on the TAY RISE Expansion.		
VIII.	Old Business A. Progress on the Action Plan Ms. Cortese reminded all that during the previous meeting Greg Bergan of Mental Health Services Act (MHSA) had presented the TAY portion of the results of the extensive Community Needs Assessment. She thanked him again for his work on this.		

	<p>Georgia Perry noted that the results of the survey reflect what is seen at the Growing Works nursery: TAY need social interactions, culturally competent services, and food. Dr. Schipper shared data on services provided to TAY; see attached. This was a follow-up to questions from last month's discussion. Dr. Schipper noted that he will share more data at future meetings.</p> <p>During a discussion, the following points were raised:</p> <ul style="list-style-type: none"> ○ Homeless TAY often do not have a phone for call back to their requests for help. ○ Drop-in centers are needed throughout the county. ○ Housing was the main issue raised during a focus group at the TAY Tunnel, along with the lack of/limited services in the East county. ○ Information on available services needs to be disseminated effectively. Sometimes, outreach workers hand out a brochure without engaging in a conversation with interested members of the public. Targeted outreach is more effective. Outreach done by peers is more effective than when done by adults. ○ Information needs to be disseminated widely: to the TAY, schools, colleges, teachers, city staff who deal with the homeless. Mr. Marron noted that the Oxnard downtown police officers are aware of the TAY Tunnel, and TAY Tunnel presents during the Crisis Intervention Team (CIT) trainings for various law enforcement agencies. <p>The committee agreed to add a third action step to its Action Plan: Targeted, effective outreach to the TAY. Sara Sanchez will be asked to take accountability for this step.</p>	Take accountability for added step to Action Plan	S. Sanchez
IX.	VCBH Transitions Update – Sara Sanchez, Transitions Manager Ms. Sanchez was not in attendance.		
X.	VCBH Alcohol & Drug Program Update – Anna Flores Ms. Flores was not in attendance.		
XI.	<p>Committee Members' and Participants' Comments, Activities</p> <p>Georgia Perry noted that on May 14 NAMI will hold an Open House at its new offices, located at 555 Airport Way, Suite F, in Camarillo.</p> <p>Additionally, on May 4 the St. Julie Billiard Church in Newbury Park will hold a free conference, Mental Health 101, as part of its Mental Health Ministry. Staff from the TAY Tunnel and the CIT will be present.</p> <p>Mayra Tamayo noted that she oversees the Interface TAY shelter, which will open in Camarillo once it receives approval from Licensing.</p>		
XII.	Items for Next Meeting Agenda Progress on the action plan.		
XIII.	Adjourn The meeting adjourned at noon.

Ella le agradeció nuevamente por su trabajo en esto.</p> <p>Georgia Perry señaló que los resultados de la encuesta reflejan lo que se ve en la guardería de Growing Works: TAY necesita interacciones sociales, servicios culturalmente competentes y comida.</p> <p>El Dr. Schipper compartió datos sobre los servicios prestados a TAY; ver adjunto. Este fue un seguimiento a las preguntas de la discusión del mes pasado. El Dr. Schipper señaló que va a compartir más datos en futuras reuniones.</p> <p>Durante una discusión, se plantearon los siguientes puntos:</p> <ul style="list-style-type: none"> o Las personas sin hogar TAY a menudo no tienen un teléfono para llamar a sus solicitudes de ayuda . o Se necesitan centros de ROP-D en todo el condado. o La vivienda fue el principal problema planteado durante un grupo de enfoque en el Túnel TAY, junto con la falta de servicios limitados en el condado del este. o La información sobre los servicios disponibles debe difundirse de manera efectiva. A veces, los trabajadores de divulgación distribuyen un folleto sin entablar una conversación con miembros interesados del público . La difusión dirigida es más efectiva. El alcance realizado por los compañeros es más efectivo que cuando lo hacen los adultos. o La información debe difundirse ampliamente: a los TAY, escuelas, colegios, maestros, personal de la ciudad que tratan con las personas sin hogar. El Sr. Marron notó que los oficiales de policía del centro de Oxnard conocen el Túnel TAY, y el Túnel TAY se presenta durante las capacitaciones del Equipo de Intervención en Crisis (CIT) para varias agencias de aplicación de la ley . <p>El comité acordó agregar un tercer paso de acción a su Plan de Acción: Alcance focalizado y efectivo al TAY. Do not be anxious about anything, but in every situation, by prayer and petition, with thanksgiving, present your requests to God. And the peace of God, which transcends all understanding, will guard your hearts and your minds in Christ Jesus. Philippians 4:6-7
